Andrew J. Shepherd

A HIGHLY ENTREPRENEURIAL EXECUTIVE WITH
MULTI-INDUSTRY EXPERIENCE

Budapest Budapest Hungary

Summary

Andrew has 20 years of solid experience across 6 industries (Catering & Hospitality, Fashion Retail, Optical Retail, Real Estate Lawyers, Information Technology {IT} and the Music Business). Skills include: DevOps, Agile, Coding and Programming, Website Front and Back-end Development, Experienced Music Producer and Professional Guitarist, Optical Lab Management, Optical Fundus Imaging and Retinal Scans, Head Chef (with Diploma), Fluent English, German and Hungarian, Public Speaking, Business Management, Business Administration, Crypto and BlockChain technology, Windows and Linux System Administrator, ServiceNow Administrator, Business Coach, Qualified Optical In-Store Trainer, Entrepreneur and More... Andrew carefully selects partners and employees, best fit for the business and productivity.

Impressions of our founder Andrew, from his past ventures:

"On a personal note, I will certainly miss him, and his own unique flair will be hard to replace. I firmly believe that Andrew will be a strong asset to any business which chooses to employ him."

- David Laverty - Manager and Licensee @ The Thatched House

"We have been delighted to have had Andrew with us as he has been a hard working member of the team. He has proved to be always very smartly dressed, intelligent, reliable and very punctual. Andrew has always been keen to assist in whatever needs doing. I found him to be conscientious and have no hesitation in recommending him as I am sure that he would be a valuable asset to any work place."

- Corinne Ross - Partner / Sayer Moore & Co.

Experience

Songwriter

May 2000 - Present (22 years 4 months)

London, England, United Kingdom

The person who writes the words (lyrics) to a song is called a lyricist. The person who creates the melody is called a composer. If a single person writes both the lyrics and the melody he/she is referred to as the songwriter.

Plutoneon

Founder and Music Executive

January 2015 - August 2022 (7 years 8 months)

London, England, United Kingdom

More information at <https://plutoneon.com/>

Responsible for DevOps operations, media, content and product creation, Worked with Android studio 2.0..

A music executive or record executive is a person within a record label who works in senior management and makes executive decisions over the label's artists. Their role varies greatly but in essence, they can oversee one, or many, aspects of a record label, including A&R, contracts, management, publishing, production, manufacture, marketing/promotion, distribution, copyright, and touring.

Tata Consultancy Services

Senior Information Technology Specialist

October 2021 - April 2022 (7 months)

Budapest, Hungary

- Supporting IT services transition to 'Service Now' self service (WeCare) for a French multinational oil and gas company, on a six month fixed term contract. (Working onsite and remotely)
- Incident management with Genesys omnichannel management system with integrated ServiceNow platform.
- Account management in Hades, AD, MFA and Safecom, password resets in SAP
- Translation from German to English, Digital Pass, Multipass maintenance

I was hired as a Senior Talent Acquisition Specialist to work on site/remotely full time for Total Energies whilst having full strategic oversight from TATA Consultancy's (TCS) client partnership managers.

EMEA Recruitment

Senior Talent Acquisition Specialist

October 2021 - April 2022 (7 months)

London, England, United Kingdom

Hired as a high calibre Senior Talent Acquisition Specialist to work on site full time for Total Energies whilst having full strategic oversight from TATA Consultancy's (TCS) client partnership managers. Weekly reviews in place with client to meet expectations and constantly adapting to meet future needs. 6 month fixed contract.

The Senior Talent Acquisition Specialist performs the same functions as a TAS, but with a leadership role and often with more specialized clients and more challenging to fill positions. Their function can also focus on the strategic rather than recruiting.

TotalEnergies

Senior Information Technology Specialist

October 2021 - April 2022 (7 months)

Budapest Metropolitan Area

- Supporting IT services transition to 'Service Now' self service (WeCare) for a French multinational oil and gas company, on a six month fixed term contract. (Working onsite and remotely)
- Incident management with Genesys omnichannel management system with integrated ServiceNow platform.
- Account management in Hades, AD, MFA and Safecom, password resets in SAP
- Translation from German to English, Digital Pass, Multipass maintenance
